Job Title: Electromagnetic Compatibility Lab Technician

Report to: Ronald Zimmerman

Title: Lab Manager

International Compliance Laboratories (ICL), an independent Electromagnetic Compatibility (EMC) Laboratory located in Neenah Wisconsin, is seeking a part time or full-time lab technician to join our team. ICL is a fully equipped independent EMC testing facility in Wisconsin. At ICL we test some of the latest innovations in electronics, and help electronic manufactures obtain approvals necessary to sell their products in international markets.

GENERAL DESCRIPTION

As a Lab Technician at ICL your responsibilities would include: Electromagnetic Compatibility (EMC) testing of electronic products, documenting test results, maintaining an organized laboratory area, while maintaining a highly professional relationship with customers.

Responsibilities also include: following detailed instructions from Lab Manager, maintaining the lab and lab equipment, assembling test fixtures, troubleshooting, report writing, and misc. laboratory and maintenance duties.

JOB REQUIREMENTS

- Skilled in the use of MS Word and Excel. Familiarity with MS Access is a plus.
- Experience with electrical/electronic test equipment.
- Ability to work with minimal supervision.
- Good documentation and technical writing skills.
- Strong communication and interpersonal skills

EDUCATION REQUIREMENTS

- Associates degree in Electronics, Electrical Engineering, or current enrollment.
- Ideal candidate is working towards obtaining Bachelor's Degree in Engineering.
